The Dawn of Motoring Wild Atlantic Tour

Irish Racing Green are delighted to announce a tour of the South and West coasts of Ireland, designed exclusively for pre 1919 cars. The route will include dramatic and stunning scenery that has become known as the Wild Atlantic Way. The roads will be smooth and have been selected to get away from the busier main tourist routes.

The length of each day's run is set to be driven at a relaxed pace, with time for the odd diversion. The entry fee, includes eight nights in first class hotels with dinner each evening, and a hearty breakfast in the morning. For peace of mind we will have a service crew travelling with us, plus a luggage van to carry your bits to each hotel.

The Dawn of Motoring Wild Atlantic Tour 2024
